

How to create a PFE/ASSIST Application

- Go to www.southern.edu/pfe
- Click on the iConnect website link at the top of the page
- This website is also where you will be submitting your visit reflections, so go head and bookmark it!
- Hover over "Students" in the top right corner and click "Create Account"

Once you have submitted your application it will be approved within 24 hours (unless on a Friday, then it will be approved by Monday). Once you have approval, you will be able to login and submit reflections online.

Reflections must be submitted **with 72 hours (3 days)** of your visit. Your senior mentor cannot be family of any kind and **visits taking place during Sabbath hours will not count**. It needs to be the same mentor for the entire school year (barring any unforeseen circumstances).
